

Gold Health Home Care, Corp. is a fast-growing home health agency that caters to the health care needs of clients in Chicago and surrounding suburbs.

We employ nursing and allied health care professionals who are experienced, dedicated and compassionate. Our team of health care professionals has deep sympathy for patients so they go out of their way to provide warm and kind attention to our patients. Due to our dedication, it is no wonder that our clients get the impression that they are our only client.

Our mission is to provide the highest quality care and services to our clients. Our goal is to make every client equally important, regardless of individual stature.

Gold Health Home Care, Corp. has been included in the upper 25% of the Home Care Elite in 2009—a testament to our quality of service.

Gold Health Home Care Corp. is bonded and insured, has a state license for home health care and certified by Medicare. All our professional employees are either registered, licensed or certified by the State of Illinois.

We are a quality-driven group so we conduct thorough checks on the healthcare experience and training of our employees and recruits. To further improve our services, we conduct regular and comprehensive skills testing, training and regular in-service.

We assume responsibility for all payroll, employment taxes and employees' compensation so clients need not worry about these.

We accept Medicare patients in the Chicago area and in neighboring suburbs.
